Pence went behind closed doors to deliberate Arizona. Right now, Trump has Alabama and Alaska. Nothing else has happened. Calm your tits. We're at the capital, and we WILL storm it.

His statement could have been written by Rod Rosenstein. Pence thinks his job is ornamental. Clueless and weak, wrapped in the cloth of the Lord.

As soon as trump tweeted the line "if he does the right thing" my gut told me this was going to happen. The Republic is dead. Long live the Republic

He also repeated that sentiment in his speech today. Clearly displayed concern about him and that he would be very upset. Once he said that, I knew Pence was going sideways.

He did not do that. the objection to Arizona electors has been taken, and meeting adjourned.

Is this the end of the line. Can and will Trump do anything? What about the EO he passed 2 years ago?
